For SNAP, KTAP, and CCAP applications, you will be able to submit your application before completing every section. If your benefits are approved, they will begin from the submission date of your application.

If you choose to do this, it may take longer to process your application. You will still have to provide the rest of the information needed during your interview.

We recommend you fill out the entirety of your application. Your application will likely process faster if you finish all required sections.

Select the programs the household would like to apply for.

- Medicaid/KCHIP/Qualified Health Plan with payment assistance (APTC)
- Medicaid/KCHIP/Qualified Health Plan without payment assistance
