A Fix for Families

kynect can help when employer-sponsored family plans are too expensive

1 Employer plan too pricey?

Many employers offer health coverage as part of their employee benefit package. Often, the cost goes up for employees who need coverage for spouses and dependents.

2 Families can qualify for assistance through kynect

How high is too high? kynect utilizes a federal tool to assess affordability. The tool examines the cost of the plan along with the family's income. If a plan is deemed unaffordable, the family qualifies for assistance through kynect.

3 Need assistance? We are here to help!

If your employer plan is unaffordable, assistance with enrolling in a Qualified Health Plan can be found at kynect.ky.gov/healthcoverage; by contacting a kynector or agent; or calling 1-855-4kynect. All assistance is free.
