

SNAP Medical Expense Deduction

The SNAP Medical Expenses Deduction is established to **maximize SNAP benefits** for eligible elderly adults and individuals with disabilities.

WHAT?

What is the SNAP Medical Expense Deduction?

A **deduction** on reportable gross income when applying for SNAP **based on out-of-pocket medical expenses**

WHO?

Who qualifies for the SNAP Medical Expense Deduction?

Older adults over the age of 60 and individuals with disabilities who spend more than **\$35 per month on out-of-pocket medical costs**

WHY?

Why should applicants apply for the SNAP Medical Expense Deduction?

The deduction on reportable gross income may result in **higher monthly SNAP benefit payments**

HOW?

How do we gather this information for applicants?

Ask applicants about their monthly **out-of-pocket medical expenses** to include in their application
