

Kentucky Medicaid Unwinding Demographic Report

June 2026

INTRODUCTION

The Kentucky Department for Medicaid Services (DMS) wants to make sure that all eligible Medicaid beneficiaries keep their coverage as they go through their regular annual renewals. Medicaid renewals are the processes states use to regularly make sure that individuals still meet the eligibility requirements for Medicaid benefits each year. This means that all Medicaid and KCHIP members undergo a redetermination of their eligibility every 12 months. Those who are determined to be eligible will continue to receive Medicaid coverage. Those who are determined to be ineligible for coverage will be removed from Medicaid and connected to alternative coverage options in the state.

This report dives deeper into the demographic breakdowns of Kentucky Medicaid renewals, pending, and terminated in June 2026.

SNAPSHOT

A total of 50,982 individuals who had their renewal due on June 30 were determined eligible for renewed coverage. 4,998 total individuals had their coverage terminated as of June 30 1,156 of those individuals were determined ineligible based on eligibility requirements and have been terminated. For individuals who were terminated in June and have supplied requested information for eligibility determination, 37 renewals have been reinstated as of the finalization of this report.

Note: DMS is unable to track enrollment in coverage outside the state of Kentucky. For example, a significant number of individuals are estimated to have gained health coverage through an employer, meaning that individuals who do not come back to renew should not be assumed to be uninsured.
